ATLANTA MAYOR JUSTIFIES ACT OF LYNCHERS IN SPEECH

SAN FRANCISCO, Aug. 18.—Justification of the mob's action in lynching Leo Frank was voiced last night by J. G. Woodward, Mayor of Atlanta, Ga., in a speech delivered before California's county assessors.

"You have heard only one side of the case, and that a subsidized one," he declared.

"I am going to put Georgia in her right place, no matter whom it hits. Slator and I grew up together, but I would not advise him to go back to Georgia for a year at least. Georgians will resent his act of commuting Frank's sentence for years to come."

"I am sorry this thing occurred. I regret it very, very much. It is not pleasant to contemplate, but I want all of you to know the conditions."

"I want to set the people of Georgia right. They would not stoop to commit an unlawful act any quicker than would you Californians. We deeply deplore the crime that happened in Georgia Monday night. But far, far more do we deplore the cause that lay behind it. For there is no length we would not go to protect our women."

Woodward then went into an exhaustive review of Georgia's famous criminal trial, and declared his profound belief in the guilt of Frank—a belief which, he said, is shared by 75 per cent of the people of Georgia.

"The commutation of Frank's sentence, in the belief of all Georgia, was some kind of a vague political move, and it stirred the state to its very roots. Consequently this lynching, regrettable as it is, was practically an inevitable working out of a maze of unseen causes."

EX-GOVERNOR SLATON SAYS HE IS NOT AFRAID

SAN FRANCISCO, Aug. 18.—Ex-Governor Slaton of Georgia, scoffed at the warning given by Mayor J. G. Woodward of Atlanta, who last night said that Slaton would be very unwise to return now to Georgia on account of commuting the sentence of Frank. Slaton said he intended to return to Georgia and did not take Woodward's comments at all seriously. He branded the mayor's talk as "mere nonsense."

BODY LEAVES ATLANTA WELL GUARDED

ATLANTA, Aug. 18.—The body of Leo M. Frank under a heavy police guard, was placed aboard a Southern Railway train which departed at 12:01 o'clock this morning. The funeral party, including Mrs. Frank and several Atlanta friends of the family who will accompany the body to Brooklyn, was guarded carefully by the police until the train left the terminal station.

GOV. HARRIS LEADING AN INVESTIGATION

ATLANTA, Aug. 18.—Governor Harris is leading an investigation into the Frank lynching. He desires an explanation from the Milledgeville prison farm as to conditions there, and wants to know why the guards did not resist the mob. He is also investigating the action of the Atlanta police in permitting the public exhibition of Frank's corpse. Frank's body is now en route to Brooklyn, where it is hoped it will be peacefully buried.

READS LIKE A CHAPTER FROM "DARE DEVIL DICK"

The story of the lynching of Leo Frank reads like the wildest tale of adventure and romance. It seems inconceivable that a party of slightly more than a score of men could journey for hours across the state; attack the state prison, overpower the guards, capture a prisoner and carry him 140 miles to a designated spot; and there, at daybreak, execute the death penalty with all the grim deliberation and much of the terrible panoply of judicial procedure.

Wherever the mob originated—it all came from one section—the utmost caution was observed. The cars must have departed for Milledgeville one at a time, at considerable intervals, for no one reports seeing them grouped until the final dash away from the prison with the prisoner on board.

All day Monday the mob must have been traveling in sections toward the prison farm. The sections met, organized, posted sentries and waited for nightfall.

Everything was timed with wonderful accuracy. The leader waited until everyone who lived at the prison would be asleep—but he left time enough to run the 140 miles to Cobb County before daylight. There was no haphazard work. It was all deadly business-like.

WOMEN CARRY BABIES TO LOOK ON LYNNED MAN

At the place where Frank was lynched scenes were enacted which are almost past belief.

The crowd gathered with rapidity. They swarmed the road from both directions. They seemed to rise up out of the ground, so fast they came. The automobiles came careening recklessly, disregarding life and limb of occupants. Horse-drawn vehicles came at a gallop. Pedestrians came running.

CHAMBER OF COMMERCE HAD TWENTY-SEVENTH BIRTHDAY YESTERDAY

Condition of Organization Never More Prosperous Than At Present

Yesterday marked the twenty-seventh year of the existence of the Santa Ana Chamber of Commerce, the Santa Ana Board of Trade, which was the parent organization, having been founded on August 17, 1888. Several years later the Orange County Chamber of Commerce was formed, the members of the Board of Trade going over to the newer organization. The County Chamber did not prove a success and this resulted in the formation of the present Santa Ana Chamber of Commerce.

The Santa Ana Merchants and Manufacturers' Association was formed on April 15, 1907. Regarding both organizations, J. C. Metzgar for both bodies, said today:

"Without being in the least boastful or overly optimistic, I may safely say that in every respect the Chamber of Commerce and the Merchants and Manufacturers' Association never have been in a more prosperous condition than they are at present."

CLAIMING SHARE YORBA ESTATE LONG SINCE SETTLED

Woman Says Father Never Got His Portion of Old Spanish Grant

Declaring that her father, Bernardo Yorba, Jr., was never recognized in the distribution of the estate of his father, Bernardo Yorba, Beatrice A. Yorba-Arnaz Johnson has started action in Los Angeles, hoping to reopen the estate.

The woman claims one-seventeenth interest in the Cajon de Santa Anita San Antonio rancho. That ranch lies north of the Santa Ana river between a line running northward from near the Yorba school house and a line near Scully's Point. Most of the land is hilly.

That the proposal to upset the settled titles to the property is not at all likely of success is the opinion of Santa Ana men well informed concerning the titles to the property, now in the hands of a large number of people, some direct descendants of Yorba and many purchasers from the Yorbas or their successors in interest.

"Years ago," said E. B. Sprague of the Orange County Title Company, "the United States government had a commission to settle titles under the old Spanish grants. Those settlements have the backing of the highest courts of the land, and our state courts have absolutely refused to go back of the federal commission."

Same Old Story

"Every once in a while some such case as this arises, where some heir or supposed heir of some former owner of these quarters of a million easterners now visiting the Pacific Coast. The United Press has obtained estimates from all railroads, hotels and from chambers of commerce. Two hundred and twenty-five thousand are visiting San Francisco and the bay cities. Two hundred and twenty-five thousand are in and about Los Angeles. There are six thousand daily arrivals at San Diego. Twenty-five hundred now enter Portland daily, while one hundred thousand tourists pass through Los Angeles to San Francisco every twenty-four hours. The total attendance at the Panama Pacific exposition up to date is 10,722,116."

TROLLEY OVERTURNS WITH 20 ABOARD

NEW YORK, Aug. 18.—Twenty passengers on a trolley car of the Monmouth County Electric Company narrowly escaped death or severe injury when the car overturned near Rumson, N. J.

Frank McMahon, former mayor of Rumson, was the most seriously hurt. Both his legs were badly bruised and he was otherwise injured, but insisted upon going to his home.

The other passengers, several of whom were women, were badly frightened. Several were cut and bruised.

The car was bound from Red Bank to Rumson and was making a sharp turn in the road, near the estate of Howard S. Borden, when it jumped the rails. Several motorists assisted in getting the passengers from the car and telephoned for help.

LOCAL BEET SUGAR VS. OUTSIDE SUGAR

This being the season when sugar is used in large quantities in canning and preserving, both in families and canneries, it is appropriate to call to the attention of the people at large in the community the advisability of using the excellent product of the local sugar factories.

Quality being equal, every discerning person can easily see that there are countless advantages in buying beet sugar at a price four-tenths of a cent a pound less than is charged for cane sugar, and the local grocers can and make that difference in price. The quality of the locally manufactured sugar is beyond question.

At the introduction of the beet sugar industry into this country imperfections in handling and processes often resulted in inferior sugar. Color and cooking qualities were found poor in many cases and beet sugar got a bad reputation. Manufacturers and housewives were careful to use cane sugar. At the present time beet sugar processes are at the point of perfection where well equipped plants under proper management are turning out a product equal and in many cases superior to the best grades of cane sugar on the market. The old prejudice against beet sugar should be overcome and it is up to the individual sugar users to accept the verdict in favor of our home product or at least give it an early test.

The economic side of the plea to buy local sugar as well as other home products is easily seen in a few facts and figures from the local sugar factories. Any other home industry gives as strong a bid in proportion to its magnitude.

The payroll of the local sugar factories amounts to over \$20,000 monthly. Over 300 men are employed at the plants as well as large crews planting, harvesting and hauling. When you consider that a large portion of these men are heads of families you can see the benefit the community derives from the industry.

BOMB FOUND IN ROOM OF VILLA COMMANDER MAYTORENA

WASHINGTON, Aug. 18.—The Mexican "manana" (tomorrow) is delaying responses to Lansing's Latin-American envoys peace pleas. Only three days remain in which to reply. The belief is expressed that Carranza wants to crush Villa before answering. Villa's army is reported to be disintegrating.

TWO OFFICERS EXECUTED: SEVEN TO FOLLOW TODAY

NOGALES, Ariz., Aug. 18.—Discovery late last night of a bomb attached to a time fuse in a room next to the headquarters of Governor Jose Maytorena, Villa commander defending the investment of Nogales, Sonora, across the border, resulted in the execution of Captain Rojas, Maytorena's personal guard, and two other officers of the Villa garrison by order of Maytorena. Seven other soldiers were to be executed at dawn this morning, so it was stated last night.

The discovery of the bomb is believed to be the culmination of a plot to murder the Villa commander, whom many are said to hold responsible for the collapse of the Villa cause in the state of Sonora.

The bomb was timed to explode at 6 o'clock at night at a time when Maytorena is usually engaged in his offices.

DETECTIVES FOLLOW MANY MILES AND ARREST HIM

NEW YORK, Aug. 18.—Jorge U. Orozco, formerly Carranza consul general at El Paso, Tex., was arrested here yesterday by government detectives. He is wanted in El Paso on an indictment found there in April charging that he organized a military expedition last October against Mexico.

He was arraigned before United States Commissioner Houghton and bail was fixed at \$2500, which was furnished. He was ordered to appear in the United States Court at El Paso on October 4 next. It was said detectives had followed Orozco from El Paso to Vera Cruz, then to Los Angeles and finally to this city.

MEXICANS DRIVEN AWAY FIRE A LONELY SHOT

BROWNSVILLE, Tex., Aug. 18.—No sign of international complications developed here today growing out of the fight across the Rio Grande last night at Progreso, between about 100 Mexicans and twenty-one United States cavalrymen, in which it is estimated six Mexicans were killed.

The Mexicans were driven away from the river bank in the twenty minutes of fighting and did not return to the attack today, although they fired one shot at the American soldiers.

VILLA'S EXECUTION MILL WORKS OVERTIME

EL PASO, Tex., Aug. 18.—Twenty-two Mexican political prisoners, some of them high civil officials, were executed Sunday in Chihuahua by Gen. Francisco Villa, according to Mexicans arriving from the state capital.

Most of the victims were accused of disloyalty to Villa and of attempting to leave the country without his permission.

CARRANZA WILL REJECT PEACE PROPOSALS ENTIRELY

WASHINGTON, Aug. 18.—General Carranza, within a few days, will reply to the pan-American appeal to Mexico, it was learned here last night.

He will reject the peace conference proposal urged by Secretary Lansing and Latin-American diplomats, and it is reported will suggest that the conference use their influence to obtain recognition for his government from their respective republics.

The petition of Mrs. Johnson was filed in Los Angeles yesterday. Attorneys for Mrs. Johnson are reported by the Los Angeles papers as estimating one-seventeenth of the ranch to be now worth \$17,000,000. To those familiar with the Cajon de Santa Anita San Antonio rancho, the estimate goes into the clouds, for the entire property would not be worth that amount, nor anywhere near it, although the hills are not far from the oil producing section.

SOCIALIST ASKS REICHSTAG IN REGARD TO POSSIBLE PEACE

BERLIN, Aug. 18.—A majority of the Socialist members of the Reichstag will vote in favor of the new war credit of two hundred million dollars, despite the protests of Dr. Carl Liebknecht, the Socialist leader. Liebknecht plans to ask the government what peace terms Germany might consider. Some of the Socialists may quit the Reichstag as a silent war protest. The German labor element is asking for drastic action against the food speculators and are opposing certain landsturm orders.

GERMANS CONTINUE TO CAPTURE STRONGHOLDS

BERLIN, Aug. 18.—The Germans have captured Kovno, a powerful fortress defending the Russian northern flank. This is the most important victory since Warsaw. Von Hindenburg's forces stormed the forts last night. The Russians made a strong resistance but the forts, with 400 cannon and great quantities of munitions, was finally captured.

The occupation of the fortress of Kovno forecasts the Slavs' surrender of the city of Kovno, on the Brest-Litovsk line, where the Russians planned to make another stand. The fall of Kovno is believed to have rendered Brest-Litovsk untenable. The Teutons' powerful guns shattered the Kovno forts. Then the infantry stormed the razed positions. The Russians are retreating upon Vilna—over the Vilna-Kovno railroad. Vilna is 375 miles from Petrograd. Vilna's fall is expected within a fortnight. The civilian population is fleeing. Everything of a military value is being removed.

RUSSIANS ANTICIPATED THE FALL OF KOVNO

LONDON, Aug. 18.—Petrograd's last statements anticipated Kovno's capture. German siege guns began pounding the main forts last Monday. Then the Teuton infantry assaulted in mass formation under cover of the artillerists, delayed an entire day, has won, but the Germans lost heavily, it is conceded by Berlin.

GERMANS SINK MORE NORWEGIAN SHIPS

LONDON, Aug. 18.—A German submarine sank the Norwegian steamers Mineral and Romulus. The crews were rescued and safely landed today.

ITALIANS WIN POST TWO MILES IN THE AIR

ROME, Aug. 18.—Advancing in single file over two glaciers, the Italian Alpiners yesterday surprised and captured an Austrian battery on the peak of Mount Tucketspitze, which is two miles high. General Cadorna also reported that the two principal Tolmino defenses have been captured.

BRITISH CLAIM TO HAVE GAINED IN TURKEY

LONDON, Aug. 18.—General Ian Hamilton reported today that the British have gained five hundred yards in the Suvla Bay region of the Dardanelles. Many Turkish trenches have been stormed.

ZEPPELINS AGAIN RAIDING ENGLISH COAST, KILLING FEW

LONDON, Aug. 18.—Zeppelins again raided the English East Coast. Today the Admiralty board announced that ten were killed and thirty-six wounded. This is the third Zeppelin raid within two weeks. The last two raids were on August 10 and 13, with a total of twenty killed and thirty-six wounded. Last night's victims make a total of Zeppelin casualties during the war of 100 killed and 280 wounded. The announcement stated that the attack was centered on the "east counties," presumably Kent and Essex, including the eastern suburbs of London. British artillery damaged one Zeppelin. A church was destroyed.

GERMAN GUNS SILENCED, CLAIM FRENCH

PARIS, Aug. 18.—The French artillery has destroyed many concealed German guns which were shelling Lingekopf, Alsace. The French have dynamited the Germans' munitions depots, claim. An official communiqué declared French are attempting retaliatory measures against the Germans who have unsuccessfully attacked the Sonderhauser heights.

Take no Action

The petition for opening a road at El Toro was shelved yesterday owing to the fact that it would cost \$1,000 to get a right-of-way. A. W. Thompson and others petitioned for the opening of a road from R. B. Waterman's place along lands owned by W. T. Tait, Dwight Whiting and Mrs. J. M. Prothero. J. L. McBride, L. K. Scott and William English, the viewers, reported that Tait would give a deed without cost as soon as a row of eucalyptus trees are removed, that Dwight Whiting would deed without cost and that Mrs. J. M. Prothero asked \$1,000 for a right of way along her property. The viewers reported against the expenditure, and the decision of the supervisors was in favor of dropping the matter. The road is not a main traveled road.

Approve Sale

A resolution was passed by the county board approving the sale of \$25,000 bonds of the Lowell joint school district, which lies partly in this county and partly in Los Angeles county. The bonds were sold by the Los Angeles board to the State Board of Control.

The return of the election for the formation of the Buena Park Lighting District were canvassed, showing the result to be: Yes, 36; no, 9. The district was declared organized.

The supervisors went out today to view the Dyer, Fairview, Smeltzer, Wintersburg and Stanton roads, which are reported by the Highway Commission as ready for acceptance. They are also to view the Anaheim-Olive bridge, which has been completed.

HELPED TO SAVE MAN FROM DEATH IN BREAKERS

Riverside Press: That a Riverside boy distinguished himself by assisting in the rescue of a drowning man at Laguna Beach a few days ago is not perhaps generally known here, but with the return of the family of Dr. J. R. King of Prospect avenue from that resort, comes the news that Raymond King was one of a party of rescuers in a near-tragedy.

When cries for help were heard early one morning by Attorney G. R. Speer, a guest at the King cottage in Laguna, he discovered a drowning man struggling in the deep water outside the breakers. A crowd quickly gathered, and Mr. Speer, together with Berry Balle, Raymond King and another boy whose name could not be learned, dragged the only available boat, which had but one broken oar, to the water and pushed it off. King and the other boy had stripped off their outer garments and shoes, and the former swam out with the boat, while the other boy took the broken oar and made quickly toward the drowning man with it.

As the people on the shore watched they saw the man grasp the oar, and then as young King managed to bring the boat to them, both the struggling man and his rescuers caught it and held themselves above water. With great difficulty the three of them got the boat ashore as far as the breakers, when the force of the waves tore it from their grasp. With the two young swimmers assisting him, the man swam ashore.

His frantic wife was one of the crowd and assisted to resuscitate the exhausted swimmer. The heroic act of the two boys has won them a great deal of deserved praise.

PETITIONS CALL FOR A HARBOR COMMISSION NOT BONDS

The harbor petitions now being signed requests the Board of Supervisors to appoint a harbor commission. These petitions do not ask the supervisors to bond the county for the harbor. That question will not come up until after the harbor commission makes an investigation and report.

J. C. Metzgar, secretary of the Santa Ana Chamber of Commerce, further says that many persons do not understand the procedure under which the petitions are being circulated. In order to make the matter clear, Metzgar asked Attorney Clyde Bishop for a statement of the matter. Bishop's reply follows:

"Dear Sir: Replying to your inquiry for the statement of the provisions of the law under which it is proposed to develop and improve the county harbor at Newport Beach, the law provides that on receiving a petition signed by persons who are both freeholders and electors of the county equal to 15 per cent of the votes cast for the office of governor of the state at the election held in 1914, the Board of Supervisors may appoint a commission of five persons, each of which must be not only electors but, freeholders of the county at least two years next prior to their appointment.

"When the commissioners are appointed it shall be their duty to make a careful investigation of the conditions of the harbor and of the most feasible plan for its development and improvement and the estimated cost thereof. When they have done so they are to make a report of their findings to the Board of Supervisors and if they report that it is not feasible to improve the harbor or that the cost thereof will be excessive, the commission ceases to exist. If they report that it can be improved and the cost thereof not excessive, the Board of Supervisors have the right to adopt the report and submit to the electors of the county the question of whether or not bonds shall be voted of the amount necessary to make the improvements, which takes a two-thirds vote to carry.

"If the people fail to vote the bonds the commission then ceases to exist. You will therefore see that the petition has nothing to do with the voting of the bonds. It simply starts the machinery by which a commission is appointed to investigate and make a report.

"The question of the voting of the bonds comes afterwards and is entirely within the power of the Board of Supervisors."

Secretary Metzgar states that it is the desire of the Associated Chambers of Commerce to have all the petitions signed up by September 1. He states that favorable progress is being reported from practically every section in Orange county. Five hundred names, it is estimated, have already been secured in Santa Ana, Tustin, Huntington Beach, Newport, Balboa, Fullerton, and in fact every other city in the county, is responding enthusiastically.

"We are making splendid progress," says Secretary Metzgar, "but the work could be simplified greatly if the voters of the county would not wait until they are asked to sign the petitions. Progress would be more rapid if they would simply go to the nearest point where the petitions are kept and sign up."

J. W. Duckworth, secretary of the Board of Trade of Anaheim, was a caller at the local Chamber of Commerce today. He stated that he already had obtained 285 signatures at Anaheim and was confident of obtaining many more.

CLAIMING SHARE YORBA ESTATE LONG SINCE SETTLED

(CONTINUED ON PAGE 8)

filings of the petition as follows:

A legal battle for her father's interest in the estate of Bernardo Yorba, a Spanish grantee in the early 50's, was started in the Probate Court yesterday by the filing of the petition of Beatrice A. Yorba-Arnaz Johnson for letters of administration. In 1858, when Bernardo Yorba died, the estate was valued at \$200,000 and consisted of a Spanish grant of 162,000 acres on the Santa Ana River.

Claiming that there never had been a legal distribution of the estate, and that her father, one of seventeen children, had never received his share, Mrs. Johnson asks that this portion be distributed to her. A conservative estimate places the amount at \$17,000,000.

It is alleged that a pretended distribution was made but that it is without force and effect, because the court had no jurisdiction.

The original executors named were Raymundo and Prudencio Yorba, and Leonardo Cota. They were discharged by the Probate Court, November 17, 1873. Prior to that time, it is asserted, the legal heirs had not been discovered nor any distribution made. It is contended that the final discharge of the executors did not close up the estate.

Still a Vacancy

Vincent Yorba was appointed administrator in July, 1896, and acted until his death in 1903. No administrator was appointed, it is alleged, to fill the vacancy. No final report or account was presented and the administration never terminated, is the claim of Campbell and Love, the attorneys representing Mrs. Johnson. She waives her right to be appointed administrator and asks letters for Thomas H. Wright.

The will originally was written in Spanish, copy of which is filed with the petition. It is dated November 4, 1858, and named three of his sons executors. The attorneys say that only one son, Theodosia Yorba, of Whiter, is living.

Besides the vast domain owned by Bernardo Yorba, the chief assets of the estate were bands of wild horses, sheep and cattle. A grist mill for grinding wheat and operated by water power as a picturesque feature. The estate included the Cajon de Santa Anita San Antonio ranch. Mrs. Johnson is now in San Francisco.

PROPOSE VOTING \$25,000 BONDS FOR DRAINAGE

The directors of the Westminster Drainage District have called an election to be held on September 10 for the purpose of voting upon a proposal to issue \$25,000 bonds for the construction of a drainage system.

The district was organized recently. Estimates have been secured by the directors upon which the bond election is called. The main canal of the district will empty into Anaheim Bay. The district includes a large area around Westminster.

GOV. JOHNSON MUST MAKE BIG DECISION AS TO BOY MURDERERS

SACRAMENTO, Aug. 18.—Governor Johnson will soon be required to make the most important decision of his administration. It will be a decision dealing with the life and death of boys.

The law demands that three boys—all in their teens—die on the scaffold in this state ere two months have elapsed. Unless the governor grants a reprieve or commutes sentence, two of the youths will be hanged in Sep-

HOW WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio—"My left side pained me so for several years that I expected to have to undergo an operation, but the first bottle I took of Lydia E. Pinkham's Vegetable Compound relieved me of the pains in my side and I continued its use until I became regular and free from pains. I had asked several doctors if there was anything I could take to help me and they said there was nothing that they knew of. I am thankful for such a good medicine and will always give it the highest praise."—Mrs. C. H. Griffith, 1568 Constant St., Cleveland, Ohio.

Hanover, Pa.—"I suffered from female trouble and the pains were so bad at times that I could not sit down. The doctor advised a severe operation but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it. What joy and happiness it is to be well once more. I am always ready and willing to speak a good word for the Compound."—Mrs. Ada Wilt, 303 Walnut St., Hanover, Pa.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

tember and the third in October. Louis Bundy at the age of 17 beat to death a messenger boy in Los Angeles and robbed him.

Earl Loomis in his eighteenth year shot down Mrs. Marie Holcroft while in the act of robbing her ice cream parlor in Sacramento.

Charles Oxnam, 17, shot and killed William Alexander in Los Angeles while he and Glenn Witt, a pal, were trying to burglarize the Alexander home.

The governor must decide if it is right to hang them. Never before in the history of the state has a similar condition arisen. Never before have three minors been under death sentence at the same time. In fact, the prison officials find few instances where the state has executed a minor.

The fact that Governor Johnson has granted a three months' reprieve to Bundy indicates he is giving the case serious consideration.

BLACK OFFICER'S FACE WHILE HE SLUMBERS

NEW YORK, Aug. 18.—Joseph Curley, until a few days ago a Long Beach policeman, has resigned. There was a reason.

Curley was brought before the village board upon charges, and the board had difficulty maintaining its dignity while listening to the tales of Chief of Police Hewlett and Michael Maginn, engineer of a hotel.

They testified that Curley, while supposed to be pounding the pavement—that is, the sands—of Long Beach, had entered the engine room of the hotel where Maginn works and stretched himself out for a snooze.

Hotel employees blackened his face with burnt cork while he snored. Chief Hewlett said he took Curley's badge from his coat while he still slept.

C. N. GARY IS CHARGED WITH A BAD CHECK

Carlton N. Gary, nephew of Elbert H. Gary, head of the United States Steel Corporation, was released from the Los Angeles County jail yesterday by Superior Judge Craig upon \$1500 bond. Gary, it is charged, gave a check for \$30 to the clerk of the United States Court to pay a filing fee for C. C. Campbell, a music teacher. He denies that he knew the check was fictitious.

Gary has been rather prominently before the courts of Orange County. Several years ago he was shot in Attorney H. J. Forgy's office by a German rancher who asserted that Gary had defrauded him. Gary's life was despaired of, but he lived. His assailant was not convicted, and civil actions resulted in getting from Gary the property that was alleged to have been obtained by fraud.

Several months ago a complaint was sworn to here by a San Juan Capistrano garage man charging a C. N. Gary with issuing a no-fund check. Upon that charge Gary has never been arrested. The check was given in payment for gasoline bought by an automobile passing through the mission town.

Why it Pays to Have Your Clothes Tailor Made

WHAT MAKES THE SUIT? Let us answer this question. You can take identically the same quality of cloth that is in an ill-fitting ready-made suit and have it made up to your measure by a competent tailor and it is an entirely different suit. It looks well on you, it hangs well, it feels good and retains its shape. **It's the Workmanship that makes the suit.**

'ALPHABET ADVERTISING CONTEST'

The misspelled words were mileage (should have been mileage) in the advertisement of the Pinal Dome Refining Company, and appliances (should have been appliances) in the advertisement of Robertson & Packard, electricians.

The winners were E. M. Lewis, 1013 Chestnut avenue, Santa Ana, and Burton Rowley, 202 Cypress avenue, Santa Ana, and Burton Rowley, 202 Cypress avenue, Santa Ana, and a winner, M. E. Lewis, 1013 Chestnut avenue, Santa Ana, and a check for one dollar has been mailed to each of them, with the compliments of the "Register."

That people do read advertisements—especially "Register" advertisements—is again conclusively proved by the results of the "Register's" Alphabet Advertising Contest.

The answers began to come into the Register office almost before the ink was dry on the paper, quite a number being received before 5 o'clock Friday evening. By 2 o'clock Monday, the hour of closing the receipt of answers, the number on file was 163, of which 121 were correct. These were put in a hat and stirred up; then two were drawn out by Assistant Postmaster Alexander. The winners were Burton Rowley, 202 Cypress avenue, Santa Ana, and E. M. Lewis, 1013 Chestnut avenue, Santa Ana; and a check for one dollar has been mailed to each of them, with the compliments of the "Register."

Several thought distributor ought to have been spelled distributor, and that theater ought to have been spelled theatre. Of course theatre is correct, but it is not the preferable spelling, because it is not as purely English as theater.

One person objected to biggest—said it should have been largest. Well, maybe largest is more refined than biggest, but biggest is good, strong English, according to Mr. Webster, and when it is said of anything that it is the biggest, doesn't it give an impression that the thing is bigger than if it is said it is the largest? In other words, isn't a big thing bigger than a large thing?

OLD HORSE MAKES MISCHIEF BY DYING ON BOUNDARY LINE

HILLSBOROUGH, Cal., Aug. 18.—Just because a horse which dropped dead here on the street happened to fall with its front feet in San Mateo and its hind legs in Hillsborough, these two cities faced what threatened to become a civil war.

A whirlwind of laws, health ordinances, attachments, communications and legal technicalities, raged about the body of the horse until the residents near were compelled to ignore the law and regain comfort by having the carcass hauled away.

The location of the boundary line was first in doubt. After considerable measuring—away from the horse—W. C. Hammatt, who acts as city engineer for both

California, as second-class matter**DEMAGOGUES**

It is true that popular government will always produce demagogues. They are one of the bad by-products of men's attempt to control themselves instead of dedicating that governing function to a monarch or a privileged class. Demagogues will continue to gain popularity and power by appealing to the superficial rather than the more profound judgments of voters.

But the critic that ordinarily uses the word "demagogue" as a term of reproach is not kindly one nor usually an honest one. For when he sneers at "demagogues" he is apt to be objecting not to the deceit practiced upon the people, but because of the offense of offering help to the people at all. Those who talk of "demagogues" usually do not believe that the populace should govern itself. They think the people incapable of self-government. So the "demagogue" is condemned not because he may be a crook, but because he has the temerity to offer help to a democracy struggling to improve their own helpless situation.

The first demagogues were the leaders of nine-tenths of the Greek people. But one-tenth had a voice in the government, and of these favored aristocrats nearly all were so knitted together by family or tribal ties that a few men could dominate them. Every wrong in the body politic was defended as a vested right of somebody, with some ancient law or custom to defend it. Of course the demagogue was hated. He was the man who advised nine-tenths of the people to disturb the vested rights of control over the destinies of the one tenth.

When next you hear or see a shaft of wit hurled at a demagogue observe the cause. Is it the deceiving of the people that is condemned or the offer to help the people that is suspected? —Fresno Republican.

POINTS WITH PRIDE

California has a right to be gratified at the growth of its cities, the more so that country growth is believed to have kept within reasonable pace. Both Los Angeles and San Francisco are now fairly in the half million class, the former probably in the lead; but the record of the other California cities and towns is equally inspiring. Sacramento, the capital, has gained 30,000 since 1910, a growth that hardly had been expected. San Diego has increased in population more rapidly in proportion than any other Califor-

W. A. HUFF

FASHION LETTER

Betty bought a box of beads. A bead trimmed frock to try; She now has lots of beads on hand, Likewise beady eye.

NEW YORK.—The latest fashionable bag of tricks is a bag of beads. Marie Lancin is the Parisian couturiere who has spilled the beads and scattered them recklessly all over the fall frocks, frills and furbelows.

Think what a beautiful consistency if only Beer had been the designer to put the bead on. But Marie beat him to the bead and now everything is beaded to beat the band—the beaded band, of course—which has been with us for many seasons.

In the windows of two of the smartest hat shops on Fifth avenue every single one of the new fall models had a garnishment of beads as its sole adornment. The big, broad, flat black velvet shapes have a flat bead trimming either set on or else beaded right on the hat surface itself. In the latter class is a sprawling sort of an octopus design done in a single row of steel beads. Another has a tiny humming bird of feathers perched on a nest shaped medallion of varigated bead eggs. Just as a suggestion among this egg idea it seems to me a cunning little gold fish nesting on a bunch of bead roe could be a heap more realistic and effectively reproduced in beadwork. Be that as it may, single flat blossoms of beadwork cling barnacle-like to the broad black velvet brims. On the jaunty little turban shapes bristling batons of beads stick out like the quills upon the fretful porcupine. Beaded tassels also dangle dangerously, promising that many an eye this fall though not now beady will be beaded.

The beadwork designs on the fall suits and gowns are wonderfully alluring. Floral and conventional motifs are picked out in the most exquisite of beaded colorings and just touch is used on a girdle, a sleeve or a bodice with an effective and telling artistry. Of many of the pastel tinted frocks that promise to lead the mode this autumn a vivid splash of colorful beadwork, a single glowing scarlet flower, an orange or emerald fruit at the shoulder, the throat or the waistline adds just the needful beaudouch.

Beaded bags are in again with a vengeance, not the silk bags with bead trimmings that have dangled from all the best arms this summer, but the real old-fashioned all-over beaded bags with their quaint pink and yellow garlands on bright green and blue backgrounds. Black beaded designs on gold and vice versa play a big part in the present-day old-fashioned bead bags and black and green is another smart combination.

Apropos of the bag subject, quite the biggest bags to brag of are the new ruffled silk bags that are quite as beaded and bejeweled as are the skirts of the moment. They are of black faille, moire or taffeta. They fasten with silver clasps and hang on plain wrist straps of the silk. Below the chased silver clasp, however, their chaste simplicity ends in a frivolous fall of flounces two three tiers deep. Some of the ruffles are pleated, some shirred, and some corded but one and all they boast such a bouffant appearance as to make over a full purse even though it be empty.

Though you have an empty purse and an empty pate, still you need not despair if atop your empty pate you can flaunt one of the adorable between-seasons hats of white plush. With its soft, floppy plush brim and its huge Alastian bow of white silk as trimming it looks for all the world like a big froth of whipped cream on a peach. It is the sartorial white hope of the moment and has knocked out its fragile tulle and chiffon rivals in the first round. Just push your head into a plush hat and you are bound to be in soft for the rest of the season.

SAVING THE BOYS

Santa Ana, Aug. 16, 1915.

Dear Editor Register: Where is the fraternal lodge in Santa Ana that founded and fosters the "Big Brother" movement that has done so much for the wayward boys of the large cities?

Are there no "Big Brothers" in Santa Ana or vicinity, and no man who is willing to become one?

Some young boys are to appear in our juvenile court on a serious charge, with the prospect of being sent to Whittier for the next six years—then what?

In many of these cases of young boys going wrong, they lack work or that is interesting. I have in mind one of those boys now in trouble; a bright, active, country boy, brought to live in Santa Ana on a small lot, one of a son of a widowed mother, and one of a family of seven boys; big ones to earn the living and little ones to do the errands for mother; no field to tend or animal to care for. The law prevents him from working in a mill, laundry, creamy, lumber yard or railroad shop; and no father to plan for or launch this boy.

Where is the good rancher that needs a chore boy and will feed and comfortably clothe him and make him feel he has a place and work to do in this world? What more paying business than making a decent citizen what may otherwise become a burden on society?

This boy is a husky fellow, has finished the grammar grades, and should enter high school this term. If he could only be given a home with the right people, I'm sure it's in him to make a good and useful man; but these are the trying years, and the mother is broken in health and the grown boys—temperate and industrious—must be from home to earn the living, so "Teddy" is left largely to his own devices.

WOODMEN OF WORLD

Hold Important Meeting and Decide What to Do With Money

Santa Ana Camp, Woodmen of the World, held a very important meeting last night, with a large attendance out to hear what had been done regarding the money which belongs to the camp, and is now in the hands of the Home Mutual Building and Loan Association.

Manager Frank H. McElree reported that the managers had decided to have the building association retain the money, and that the camp would take out more stock on the first of the coming January. This report was evidently satisfactory to all, and was adopted unanimously.

The entertainment committee through W. G. Gould, reported that the camp would have an entertainment at a date to be decided upon soon, but in all probability it would be the first part of October before the event would occur. This report was received by vote.

C. S. Shaw, for the hall committee, reported that several halls had been looked over, but none of them had excelled the G. A. R. hall, and as this hall could be hired for \$6 per month, he recommended that the manager rent the G. A. R. hall, and also that the trustees of the Grand Army be asked to have the door at the foot of the stairs, which is the only means of egress from the hall, made so that it would swing outward into the street. The recommendation was adopted.

This means that the camp will soon be meeting in a new hall, if there be no hitch in the present arrangements, and it is not likely that there will be. Under the head of social entertainment several members who have not been at meetings for some time, addressed the members.

Louis Baade related some of his funny experiences at the San Diego exposition, and W. Gordon Gould told of his experiences as a Thespian performer at Huntington Beach, where he was called "the bright particular star of the constellation."

Others who spoke were F. H. McElree, Jack Phillips, G. W. Jones and W. F. Mansur.

In Apperson Jack Rabbit

Mr. and Mrs. Aldric Warswick, accompanied by Mr. Warswick's father, arrived yesterday in their Apperson Jack Rabbit, for a visit with Mrs. Warswick's parents, Mr. and Mrs. T. L. Hill, of 730 Minter street.

The easterners have traveled 3500 miles since leaving their Chicago home and have enjoyed many interesting experiences of camp life. The party came through Colorado, stopped at Lake Tahoe and attended the San Francisco exposition. They expect to spend a year in California with a possibility of locating here.

Sunday, a delightful reunion will be held at Balboa Beach, where all members of the Hill family will be together for the first time in fifteen years.

ASHES OF ROSES

Soft on the sunset sky
Bright daylight closes,
Leaving when light doth lie,
Pale hues that mingling lie—
Ashes of roses.

When love's warm sun is set,
Love's brightness closes;
Eyes with hot tears are wet,
In hearts there lingers yet
Ashes of roses.

DELIGHTFUL AFTERNOON

Emma Sansom Chapter Enjoys Hospitality of Its President

The members of Emma Sansom Chapter, U. D. C., spent a delightful afternoon yesterday at the home of the president, Mrs. F. W. Taylor, of 320 South Broadway.

Lovely Marie Van Houtte roses added their fragrance to the living and dining rooms while red roses and nasturtiums, artistically arranged in brown baskets, were used in decorating the library and reception hall.

A feature of the pleasant meeting was the interesting talk given by Dr. H. W. Head, this being greatly appreciated by the ladies.

Miss Theretta Taylor, daughter of the hostess, entertained with several pleasing piano selections and the social hours were concluded with the serving of delicious ices and cake. Mrs. Taylor being assisted by her daughters.

The chapter will be entertained in September, at the home of Mrs. M. L. Keeler, of Garden Grove, where Mrs. Keeler and Mrs. Ingram will be hostesses.

INFORMAL AFFAIR

Merry Little Dinner Party Is Given In Honor of Seattle Friends

Miss Ina Sleeper entertained a few friends last evening at an informal dinner party, given at her home on Orange Avenue in compliment to Miss Eileen Morrison and Miss Muriel Watkins of Seattle, Washington, who are visiting her aunt, Mrs. L. M. Lane.

The table was very attractive with its decorations of yellow, the centerpiece being a mass of golden glow, arranged in a basket tied with a bow of fluffy yellow tulle.

The evening hours were pleasantly whiled away with music and conversation, the company being grateful for this opportunity of becoming acquainted with the charming visitors from the north.

Now is the time to enter the Orange County Business College.

PLEASANT SURPRISE

The Birthday of Mrs. Barry McPhee Is Happily Celebrated

The birthday of Mrs. Barry McPhee was happily celebrated yesterday. In the afternoon the honoree's mother, Mrs. Louis H. Neff, entertained a few friends of her daughter at her home on West Third street.

Pink amaryllis lilies were chosen for decorating and the company enjoyed social chat as they merrily sewed blue and white carpet rugs for rugs to be used in the new home of the guest of honor.

Late in the afternoon the hostess, assisted by Mrs. Carrie Graham, served dainty refreshments. Those present included Mesdames Barry McPhee, Belle Martin, Edward Abbott, Nat Neff, Harold Henshaw, and W. B. Dennis of Orange.

At 4 o'clock, Mrs. Dennis excused herself from the gathering at the Neff home on the plea of an engagement and while absent she assisted George McPhee in preparing a delicious three-course dinner, a pleasant surprise for the honoree, who is making her home with the McPhees during the absence of her husband.

Pink carnations were arranged in a fragrant centerpiece and nothing was lacking in the birthday spread, not even the beautiful white frosted birthday cake twinkling with candles of pink.

Guests at the jolly little dinner party included Mrs. Louis H. Neff, Mrs. Carrie Graham and children and Mrs. W. B. Dennis of Orange.

MERRY CELEBRATION

Kiddies Are Given Treat In Honor of Birthday of Little Visitor

Yesterday marked the eighth birthday of Miss Margaret Cole of Ann Arbor, Michigan, the winsome little niece of M. Russell Scott, and the event was celebrated by a glorious treat for the small honoree and a group of friends already won by the visitor.

Mr. Scott first took the children for an auto ride, which ended with a birthday spread at the Dragon, where an abundance of ice cream was enjoyed with a delicious birthday cake, trimmed with gleaming candles, brightly proclaiming the age of the little maiden.

Among the kiddies who joined in the afternoon's fun were Margaret and John Cole of Ann Arbor, Mich.; Blanche and Ellen Day of Shenandoah, Iowa, nieces of Mrs. Scott; Anita, Muriel and Billy Jerome and Josephine Scott, the little daughter of the genial host.

PEASANT MEETING

Past Matrons Association Enjoys Hospitality of Mrs. Dunphy

The members of the Past Matrons Association O. E. S. held their regular monthly meeting yesterday at the hospitable home of Mrs. P. L. Tople of South Main street, where Mrs. Ida E. Dunphy was hostess.

Pink and white roses added to the attractive scene and after the regular business session had been held the San Francisco fair proved to be an interesting topic of discussion. Those who had already attended the fairs offered their criticisms, telling of what they most enjoyed.

Fancy work, too, was a pleasant diversion and late in the afternoon the hostess, assisted by Mrs. Tople, served a refreshing collation in which the color scheme of pink and white was observed.

Mrs. J. G. Mitchell was a welcome guest of the Past Matrons who will be entertained at their September meeting at the home of Mrs. Sherman J. Evans, 416 West Walnut street.

Among the members present were Mesdames George Balderston, W. D. Barker, D. W. Crawford, H. H. Reeves, Theo. Winbigler, P. L. Tople, Sherman J. Evans, W. L. Tubbs, J. R. Medlock, O. M. Robbins, W. S. Peek, and the hostess, Mrs. Ida E. Dunphy.

Local Quartette

Manager Schlesinger of the new West End Theater has a surprise in store for his patrons. He claims he has discovered here in our midst four promising young men who are harmony songsters and he has prevailed upon these boys to have a try-out at the new West End theater. They will make their first public appearance tomorrow (Thursday) evening and will appear every night thereafter as long as the public enjoys hearing them. The boys will sing at the evening performances only.

On the Bowery
Do you remember that old song "On the Bowery?"

It is the Bowery of those days, some twenty-five years ago, that is pictured in Jessie L. Lasky's picturization of E. W. Townsend's world-famous comedy, "Chimme Fadden."

Mr. Townsend, who is now a United States congressman from New Jersey, was at that time a star reporter of the New York Sun. Every now and then he wrote a "Chimme Fadden" sketch, telling incidents in the life of an Irish-American Bowery "rough diamond." The paper printed those sketches, and they achieved such popularity that Townsend soon found his creation and himself both national figures. This was at about the same time that "Bill" Young, the prominent magazine authority of the present day, discovered "Chuck" Conners, the Mayor of Chinatown.

The Bowery of those days is no more. But in the Lasky picture it is all brought back to us again. "Chimme Fadden" is not only a screamingly funny film, but veritably a historical record of what was once the most famous street in America. This splendid comedy will be shown at the West End theater Thursday, Friday and Saturday of this week.

"Dr. Rameau"

"Dr. Rameau" unfolds one of the most powerful dramas ever presented upon the screen. The story is by the eminent author, George Ohnet, and is a dramatic masterpiece replete with big moments.

Frederick Perry, who plays the name role in this remarkable Fox production, is regarded as one of the foremost dramatic artists on the stage today and he comes to play this role directly from his unprecedented personal triumph in "On Trial," the biggest New York success this season.

Mr. Alice Breeding has returned from Los Angeles, where she has been visiting her sister for a few days.

Mr. and Mrs. Henry Diers, Jr., went to Los Angeles this morning to spend a couple of days.

Mr. and Mrs. E. F. Waite, Mrs. Olive Lopez, Mrs. Horace Fine and Mrs. George W. Young yesterday attended the funeral of their aunt, Mrs. Mary Johnson, a pioneer of Wilmington, who died very suddenly.

Mr. and Mrs. B. H. Barr left this morning for St. Louis, Mo., where Mr. Barr has accepted a position in the Yeatman high school.

Jr. Hannah Hallstrom spent today with friends in Los Angeles.

Mr. and Mrs. C. R. Davis and Mr. and Mrs. A. Schildmeyer will sail Friday on the Harvard for San Francisco, booked by the Salt Lake Company.

Mr. and Mrs. George Post left this morning in their Overland for a two-weeks' stay in San Francisco.

J. H. Chamberlain and family enjoyed an outing at Laguna Beach today.

EDUCATORS HEAR METHODS OF MUSIC

Sessions of Convention Today
Given Over to Music and Play

OAKLAND, Aug. 18.—Interest in the Educators' convention continues unabated. Yesterday was one of the great days of the meeting, but today bids fair to match it in interest.

There are very few teachers leaving the sessions for the greater attraction of the fair in the city across the bay, and this is a sure sign that the meetings in the convention are considered of the greatest importance by the educators present.

The program for today began with a paper on "Music" by Irving M. Glen of Seattle. This was followed by another paper on "Primary Musical Education" by J. Lawrence Erb. Both these symposiums were excellent.

Harrriet W. Thompson, physical educator, read a very fine paper on "A University Playground for Women." Among other things she said:

The present period is highly transitional for women and finds the majority unprepared to either grasp the situation or to handle themselves efficiently under the changing conditions. Individualism and lack of cooperation are ascribed as the causes. Hence endeavor must be made to counteract the one and develop the other. Study of history, literature, personal experience and physical development throws light upon the subject and suggests a method of procedure.

From infancy, women have always

NO MORE WEAK KIDNEYS, BACKACHE, RHEUMATISM

New Specific Soon to be Brought to town, Says Letter:

Dear Mr. Editor:—Just lately, I am told and beg to inform your readers, that the famous Dr. Pierce, of whose medicines and Surgical Institution in Buffalo, New York, we have heard for years, has added to his popularity by assenting to put before the American people, "An-Uric." This prescription is adapted especially for kidney complaints and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine and urinary troubles. The physicians and specialists at Dr. Pierce's great Institution have thoroughly tested this prescription and have been with one accord successful in eradicating these troubles, and in most cases absolutely curing the diseased kidneys.

Patients having once used "An-Uric" at the Institution have repeatedly sent back for more. Such a demand has been created that Doctor Pierce has decided to put "An-Uric" in the drug stores of this country, in a ready-to-use form. It will be their own fault if the public does not take advantage of this wonderful remedy.

I know of one or two leading drug-gists here who have managed to procure a supply of "An-Uric" for their anxious customers in and around their locality.

I have used "An-Uric" and believe it to be the greatest of kidney medicines and I have tried many. A few doses will convince, I feel certain.

been unnaturally restricted, physically and mentally, and reach maturity less capable than men. Men have not grown up under like conditions and have developed qualities which enable them to achieve greater progress than women. Therefore, since both are governed by the same laws of growth, the condition under which men have developed must contain elements needed for women's progress."

"Uniformity of Standards" was read by Gertrude B. Parsons, of Los Angeles, and this paper proved deeply interesting, going right to the root of the matter.

High School Plays

"The Production of Plays in High Schools" was the title of a paper by O. B. Sperlin, of Tacoma, Wash., and proved that the author had made a deep study of the subject. He said in part:

"The increase in the production of plays in high schools has been extraordinarily rapid in all parts of the country. In some parts the movement began earlier and has reached a higher development. This development, resulting from a real need which has expressed itself at times as a demand, has been accompanied by the building and equipping of high school stages. Where proper co-operation between students and faculty has obtained, the production of plays has brought more than satisfactory results.

"Net proceeds are not to be used for 'class blow-outs,' etc., but for such a worthy purpose as adding fine art to the school equipment. Under the direct auspices of the faculty such fine productions as Milton's Comus, the morality play Everyman, poetical plays, and Greek tragedies may be staged complimentary to the school. Such work wins high appreciation from the pupils and adds greatly to the efficiency and co-operation of the faculty. Next year, 1916, is a Shakespearean centenary, and a festival of Shakespearean plays, songs, and pageants will be especially appropriate."

Other papers, all of them of absorbing interest, were "Vocal Interpretation in the Teaching of English," by Katherine Jewell Everts; "Vocational Education," by Fred W. Roman; "The Possibilities of Public Speaking in the High School," by Forrest Bailey, of Los Angeles; "Eurhythms," by Grace Smith Berkley; "Hawaiian Music," by Helen Grace Cadwell, of Oahu College. This paper was appropriately illustrated with music sung by representative Hawaiian musicians using native language and instruments. These musicians are now singing at the Panama-Pacific International Exposition, and their assistance is offered by courtesy of the Hawaiian Commission and Mr. J. Kumalae of Honolulu.

The following program, subject of slight re-arrangement, will be given: Au oli (the chanting of an old male,) He Mana'o He Aloha (solo yodel with refrain.)

Halau Ka Moena.
I mi Au la Oe Kealoha.
Sweet Lei Lehua (old Hula.)
Aloha Oe—Words and music by Queen Liliuokalani.

Some other pleasing papers were: "The Educational Value of Playgrounds," by R. G. Boone; "A Sketch on Japanese Music," by K. S. Inui, of San Francisco; "The future hopes of the American Elementary School," Grace C. Strachan, district superintendent of schools, New York, N. Y.

CENSORS HAVE POWER TO ENFORCE EDICTS

Los Angeles Examiner: That the board of motion picture censors, adverse criticism of which has been regarded by some local motion picture men as a distinct advertisement in the past, has power to enforce its edicts, was the opinion handed down yesterday by Superior Judge Hewitt in upholding the constitutionality of the city ordinance providing that the board may instruct the chief of police to seize any film that is declared to be objectionable.

The decision was in a suit brought by a Broadway theater to restrain Chief of Police Snively from interfering with the exhibition of the film entitled "The Woman." The action was filed about a month ago.

HUNTINGTON BEACH

BEAN DAY FEAST ENCAMPMENT'S BIG EVENT

HUNTINGTON BEACH, Aug. 18.—Bean Day at the Grand Army Encampment was a great success. The slaughter of the pigs last week netted the ladies nearly \$250 and this amount proved entirely adequate for the expenses of the day, although it was a difficult matter to find stoves enough to cook the beans.

In addition to the beans, sandwiches, doughnuts and pickles were served in bountiful helpings while any person who wished a second helping was supplied.

Hundreds of people who had not visited the encampment before, came down for the day and all means of conveyance was employed to reach the grounds. Trains on the Pacific Electric were delayed on account of the crowds that desired to come.

A few minutes before 12 o'clock the line began to form at the front doors of the auditorium and scouts were sent out to tell all the old soldiers to get in line. Only the men were admitted. The wives had to stand back on this occasion and wait until the men were served. About 700 men were waited upon and before the last had been served, those who came in first had begun to leave the hall. Soon after that the ladies and families of the soldiers were admitted and almost as many of them were served. It is estimated that between 1300 and 1350 people were fed. And when it was all over there was still a supply of eatables on hand.

The registration by states increased considerably. Illinois was in the lead with 174 registrations, while Iowa, Ohio, Wisconsin and Michigan were not far behind.

No program was given except the music of the drum corps during the afternoon. In the evening the program for pay night was given much as advertised. Some of those who were to appear had difficulty in reaching Huntington Beach from Los Angeles and were not present when their turn came on the program. However, they arrived and were given a place on the program before its close. Rev. James Patterson sang an extra number and Rev. Charles Scott of Ontario, who was not on the program at all, filled in with two readings from James Whitcomb Riley.

Miss Peggy Pettijohn, character impersonator, was the star of the evening. Mr. Packard as "Sambo" pleased the audience.

The house was well filled and the receipts from the entertainment will go a long way toward paying the incidental expenses of the encampment.

Joel A. Taylor of San Bernardino Stricken at Veter-

HUNTINGTON BEACH, Aug. 17.—Monday was to have been court-martial day at the G. A. R. encampment but the sudden and untimely death of Comrade Joel A. Taylor of San Bernardino caused the plans for the day to be dispensed with. The flag floated at half mast and the morning and afternoon programs were passed over entirely.

In the evening the program was to have been given by the United Spanish War Veterans and auxiliaries but for some reason which the audience did not learn, the entertainers failed to arrive. The usual time for entertainment was taken up with speeches, songs and music by the drum corps and the evening was about as enjoyable as any that have been given.

Struck by an automobile driven by

C. E. Pitts of Rialto, Ramon Romo of 732 Turner street, Los Angeles, was thrown to the pavement and quite severely bruised at the corner of Fourth and French streets at about 8:30 o'clock this morning. Romo sustained a scalp wound and minor bruises about the body. No bones were broken.

In the machine with Pitts were his wife, son and daughter, Walter and Dorothy. Pitts was driving north on French street. Romo was walking diagonally across the intersection of Fourth and French, from the south-east to the northwest corner. Romo is said to have become confused at the approach of the automobile and to have dodged directly in front of it.

Suddenly jumping out from behind a large beet wagon traveling toward the Santa Ana Co-Operative Sugar Company's plant at Dyer, a Mexican whose name could not be ascertained was struck by an automobile driven by J. A. Hankey of 908 East First street, Santa Ana, yesterday evening shortly before 6 o'clock. The Mexican was only slightly injured.

The accident occurred on the paved road running from Main street to the sugar plant. Hankey was driving from the factory toward the west and the beet wagon was going toward the factory. As Hankey was passing the beet wagon two Mexicans appeared from behind the wagon, apparently having jumped off the back end.

One of the Mexicans dodged but the other was struck. Hankey, although he claims he was not at fault and that the mishap was unavoidable, paid the injured man \$1.50. The Mexicans, who are beet tappers, were dissatisfied with the amount given by Hankey. Hankey says that as both the men had their beet knives with them he felt somewhat nervous as he was taking them to their homes at Delhi. Hankey states that the Mexicans may bring suit.

The ladies of Buena Park will hold a Harvest Festival some time in the early part of next month.

The affair is in charge of, and was originated by the Ladies' Aid Society of the Congregational Church.

The Chamber of Commerce last night authorized L. C. Robeson to construct a "Red-Headed Policeman" (warning signal) at the intersection of Grand Avenue and Whitaker boulevard.

SEEK TREASURE ON MAP GIVEN BY INDIAN CONVICT

drawn for him by the Indian convict who is now dead. According to the story told by the Indian, the treasure was buried about the time that news reached California that California had passed into the hands of the United States. Fearing that the missions would be stripped, the padres at San Juan Capistrano took the valuables belonging to the mission and buried them first near an old adobe somewhere in the foothills near San Juan Capistrano. Later the treasure was dug up by the padres, who feared that the hiding place might be located, and was transported to some almost inaccessible spot in the mountains. The old Indian said he knew where the spot was, and he drew a map for Celayo to guide him in finding it.

According to a report in Santa Ana today, the three men who have been out hunting for the padres' gold have earned a goodly portion of it already, as they have had to cut a way through brush that appears not to have been traveled through since long about the time the United States got California. Harris is employed at Post's Bicycle Shop.

In the last fifty years the old story of the buried treasure has been told and retold hundreds of times, and not a few men have given up considerable time and energy in attempts to find the gold. A few years ago a Los Angeles Spaniard dug dozens of holes around the old adobe in the Trabuco canyon, but he went home empty handed.

CHARGES OF GIRL SIGNAL FOR RIOT

NEW YORK, Aug. 18.—Detectives Warsaw and Lemmon of Inspector O'Brien's staff fought off a street full of enraged men, women and children when cries of "he ripper" caused them to arrest Abraham Rosenberg, seventeen, of No. 280 South Second street, Brooklyn, on complaint of 8-year-old Kate Ravnitsky of No. 172 Clinton street.

Judge Cornell held Rosenberg on \$300 bail in Essex Market court to plead to a charge of disorderly conduct after he had been told that the defendant, a silk salesman, had twice visited the tenement and tried to coax a child into a room. Rosenberg denied the charge.

WILL GIVE \$1000 IF \$4000 MORE IS RAISED

Yesterday the Board of Supervisors had a conference with the men who are gathering money with which they expect to put on a county fair at the Santa Ana race track. The county board promised to give \$1000 toward the project, provided \$4000 is raised from other sources.

IN THE JUSTICE COURT DISAGREEING OVER PAY FISTS ARE USED IN THE ARGUMENT

Arthur Dreiser Swears to Battery Complaint Against R. R. and Sherman Webb

It took fists and a labor commissioner to settle Arthur Dreiser's claim for wages, and the trouble is not all over with yet.

The fists used were not Dreiser's. At least, that is Dreiser's side of the story. The other side has not been told here yet, but it is going to be told, for Dreiser has sworn to a complaint charging R. R. and Sherman Webb, father and son, of Garden Grove with battery upon him.

Dreiser stated at the courthouse today that he has been working on the Webb ranch for two and a half months. He says he was to get \$30 a month, but when it came time to settle he was offered \$20 a month. He said he was going to take his troubles to a labor commissioner in Los Angeles.

The first argument was with Sherman Webb, as Dreiser tells it. He says that after one Webb got through punching him, the other came along and made a good job of it.

Dreiser went to the labor commissioner in Los Angeles. One of the Webbs was there before him. A settlement was reached at \$25 a month. That is, a settlement was reached so far as pay was concerned. Dreiser got his money. He spent some of it coming to Santa Ana today to get the court to help him get legal ointment for his wounded face. Battery warrants have been issued for R. R. and Sherman Webb.

Traffic Troubles

Kenneth Keller, said to be a former official of the Southern California Automobile Club, was pinched by the motorcycle yesterday for speeding at forty-five miles an hour. It was stated this morning that his lights were not in good order and he was anxious to reach Del Mar, near San Diego, before dark. His haste cost him \$10.

Motorcycle Officers Ballard and Davenport today brought in speeding complaints against C. I. and A. G. Falkner, A. J. Shafer, F. E. Manges and F. N. Miles of Los Angeles; W. R. Sievers, Santa Ana; William Maag, Orange; Herbert Staszinger and Leon and Elsaesser, Long Beach; C. C. Beckley, San Francisco.

Complaints charge Frank Adams of Santa Ana and I. E. French of San Bernardino with driving autos without having proper license numbers out.

BAUN THOUGHT TO BE LIVING SIMPLE LIFE

VENTURA, Aug. 18.—William Braun, who disappeared a short time ago and for whom a reward of \$200 has been offered, is believed to be living in the hills emulating some of the back-to-nature faddists by living a primitive life and subsisting on raw foods. It was at first feared that Braun had met with foul play, as he drew \$200 out of the bank just before his disappearance.

Bring Them Back

Deputy Sheriff Fowler went to Los Angeles this morning to get two Mexicans who escaped from the prisoners crew almost a year ago.

Deputy Sheriff Cravath is in Los Angeles for the purpose of getting C. N. Gary, wanted here for passing a no-fund check at San Juan Capistrano a year ago last March.

Suit Over an Auto

Justice Cox gave judgment to the plaintiff in the action of G. W. Day against J. Stansfield. The plaintiff sued for possession of a Stoddard-Dayton automobile. He stated that Stansfield took the machine on March

6 on a contract to repair it for \$50. An additional bill was presented, and Day would not pay it. He put up \$25, the amount due on the contract, and asked for the automobile, which he will get under Cox's order. Wallace W. Davis represented the plaintiff, B. E. Tarver the defendant.

Bicycle Is Recovered

Sheriff Jackson received word today that a bicycle stolen here on Aug. 15 from J. W. Freeman had been sold to a dealer in Long Beach for \$6 by a Mexican.

AT THE COURTHOUSE

MATTHEW SCHANTZ IS NOT TO BE TRIED IN AGUILAR CASE

The charge of assault with a deadly weapon with intent to murder Daniel Aquilar has been dismissed so far as it concerns Matthew Schantz.

Schantz's brother, Caspar, however,

is to be tried in the superior court.

The preliminary examination of the brothers showed that Roy Barnett, 15, shot Aquilar with a 32-caliber rifle. Barnett said he was instructed to shoot. Those instructions came from Caspar. After looking over the evidence in the case, the district attorney concluded that there was no probability of being able to convict Matthew of any connection with the attack upon Aquilar, who, according to Barnett, was shooting watermelons when he was shot. Upon the recommendation of the district attorney, Judge West dismissed the charge against Matthew.

Special Letters

Special letters of administration have been given J. Buel Warren upon the estate of Catherine Eastland, who died at Anaheim on February 8, 1913. Warren succeeds W. K. Hoyt in control of the estate. Hoyt, who was executor, died on July 25. All that remains for the new administrator to do is to close the estate. F. C. Spencer is attorney for Warren.
